Broward Educator Speaks To Seniors

Wilbur H. Marshall, supervisor of Broward County Schools, in his address to the Pahokee High School Class of 1959 at the Commencement Exercises held in the high school auditorium Thursday night saw "The Road Ahead" intricate and even a little frightening to these ill-prepared to travel it, but, he said, just as the motorist uses a road map to guide him through a complex network of highways to his destination via the shortest, most desirable route, the educated individual can use the knowledge gained through schooling to help guide him down the road of life via rewarding experiences to worthwhile and satisfying goals. The speaker was introduced by Principal Brooks Henderson who acted as master of ceremonies.

The audience, which overflowed the auditorium, was welcomed by the Class in a salutatory address by Mary Harriett McIlwain. The parting valedictory was delivered by George Coleman McElhenry, Jr. The Rev. Charles Crauswell, pastor of the Pahokee Church of the Nazarene, gave the invocation and benediction.

The exercises were preceded by a brief report by the PHS Band under the direction of Bandmaster Robert O. Lampi. The band played the processional and recessional.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4446.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

*Uncle Sam made the bonds you own,
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,860.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check *before* you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Mary Arthur Kirk Wed To I. T. Starling

The marriage of Miss Mary Arthur Kirk, daughter of Mr. and Mrs. Mitchell Kirk of Pahokee, and John Tyler Starling, son of Mr. and Mrs. Robert Eugene Starling of Jacksonville, was solemnized in a double ring, candlelight ceremony held at the Pahokee First Baptist Church Friday afternoon, June 5, with the Rev. James E. Boyd, pastor, officiating.

The program of nuptial music was presented by Miss Jill McIlwain, organist, and Mrs. Hugh Branch, vocal soloist, both of Pahokee. Floral decorations featured white gladioli and mums against a bank of palms.

Given in marriage by her father, the bride wore a gown of sheerest imported organza poised over layers of starched net and taffeta. Her fitted bodice of organza was enhanced by a sabbina neckline of embroidered scallops. Her short shirred sleeves were also embroidered in scallops. The voluminous skirt accented wide cascading tiers of embroidery-edged ruffles which terminated in a circular chapel train of tiers of ruffles. Her veil of imported French illusion was attached to a crown of matching organza embroidered in seed pearls and iridescent sequins, with a drop pearl over the forehead. She carried a cascade of white orchids.

Miss Lynette Hammond, maid of honor, wore pure silk pink organza, harem style, and a nose-length veil of pink tulle embroidered with seed pearls. Her flowers were pink phloxopsis orchids in a crescent-shaped arrangement.

The bridesmaids, Miss Pattie Marchant of Lakeland and the Misses Kay Friend, Annette McIntosh and Jeanine Mock of Pahokee, all wore gowns of pure-silk coral organza and coral headpieces. Their flowers were the same as that of the maid of honor.

James Grelle of Jacksonville served as Mr. Starling's best man. Ushers were Robert E. Starling, Jr., of Jacksonville, brother of the bridegroom, Fred Blakey of Pahokee, Hunter Latham of Canal Point and Harry Brooks Eiarbee of West Palm Beach.

At the reception in the Woman's Club building following the ceremony the bride's parents as hosts were assisted by Miss Corrine Collins, who was in charge of the bride's book and by Mrs. Harry Dermody and Miss Beth Smith, who served at the bride's table. Christian Science Group Of Canal Point

"God the Preserver of Man"—the Lesson-Sermon to be read at Christian Science services Sunday—is based upon the inspiring experiences of the patriarch Abraham. Scriptural selections will include Paul's statement to the Galatians (3:7): "Know ye therefore that they which are of faith, the same are the children of Abraham." The meaning for today of Abraham's lifework will be emphasized in selections read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (579:12): "This patriarch illustrated the purpose of Love to create trust in good, and showed the life-preserving power of spiritual understanding." The Golden Text is from Psalms (16:1): "Preserve me, O God: for in thee do I put my trust."

Joyce McCall Wed To R. L. Arrieta

The home of Mr. and Mrs. J. L. McCall north of Canal Point was the scene Saturday afternoon, June 6, of the wedding of their daughter, Joyce Wright, to Roberto L. Arrieta, son of Mr. and Mrs. A. Arrieta of San Juan, Puerto Rico.

The vows for the double ring ceremony were read by the Rev. Charles D. Stewart, pastor of the Canal Point Baptist Church, as the couple stood before an improvised altar made of palms and lighted by pink tapers in branched candelabra.

The bride wore a gown of white embroidered nylon organza over pink taffeta waltz-length. Her rose-length pink illusion veil fell from a pink velvet crown studded with seed pearls. On the prayer book she carried was a cluster of white carnations centered with a white orchid.

Mrs. Jack Bush of Pahokee, matron of honor, wore a blue imported voile dress with shirred waist and bouffant skirt, and a matching blue hat. She carried a bouquet of pink carnations. Ralph Arrieta of Coral Gables, cousin of the bridegroom, was best

man.

The reception following the ceremony was held on the lawn of the McCall home. Assisting Mr. and Mrs. McCall, the hosts, were Mrs. A. R. Chastain, Mrs. M. J. Sapp, Mrs. Arnold Hughes and Mrs. Buford Justice. Out-of-town guests were Mr. and Mrs. Ralph Arrieta and Mrs. Carmen Moran and daughters, all of Coral Gables, and Mrs. Albert Arrieta and daughters of Riviera Beach.

Following a wedding trip to various points in the State, Mr. and Mrs. Arrieta will be at their home at Port Mayaca this weekend.

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest as current income, ask your bank about Series E Bonds, which pay dividends monthly by Treasury check.

Independent experts and official facts and figures prove Chevrolet's ahead of its field in seven big ways.

BEST BRAKES... In direct competitive tests of repeated stops from highway speeds, conducted by NAS-CAR*, Chevy out-stopped both the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN**... Check the figures in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." **BEST STYLE**... Popular Science magazine sums it

up: "The fact is, in its price class the Chevy establishes a new high in daring styling..." It's the only car of the leading low-priced three that's unmistakably modern in every line. **BEST ECONOMY**... No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM**... Official dimensions reported to A.M.A.† make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST**

ENGINE... Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As *Sports Cars Illustrated* puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." **BEST RIDE**... You'll be able to tell this yourself, instantly. But *Motor Trend* magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."
